Minimum Advertised Price (MAP) Policy

DISCLAIMER: This document is only a SUMMARY of the Napoleon Minimum Advertised Price (MAP) Policy. The MAP Policy is located in the my.napoleon.com Dealer Portal or it can be requested directly from the MAP Policy Administrator.

THE MINIMUM ADVERTISED PRICE (MAP) FOR ALL NAPOLEON PRODUCTS SHALL BE NO LESS THAN THE MANUFACTURER'S SUGGESTED RETAIL PRICE (MSRP), UNLESS OTHERWISE SPECIFIED

The Minimum Advertised Price policy applies to:
- All forms of trade, public and consumer advertising, including the internet
- All dealers / retailers that sell direct to consumers
- All dealers in Canada, United States and Mexico
- All Napoleon Products listed within the current 'Napoleon MAP Price Lists' and 'Interim Price Sheets' located in the my.napoleon.com Dealer Portal.

A Reseller will violate the MAP policy by:
- Advertising a price that is lower than the published MSRP/MAP.
- Advertising a percentage reduction from a reference price that results in a price lower than the relevant MSRP/MAP, includes providing online discount codes, Amazon and Google Shopping listings with percentage reductions. (See 'Appendix A' for examples).
- Using such website features, but not inclusive to, as 'click for price', automated pricing emails, automated price displays that show price lower than MSRP/MAP.
- Using terminology that implies to the consumer that they will be able to purchase the product below MSRP/MAP. (See 'Appendix B' for examples).
- Bundling the Company's products that are lower than the sum of each MAP for the relevant product.
- Using strike-through or other alteration of the advertised text that indicates a price lower than MSRP/MAP.
- Advertising on 3rd party marketplace websites, auction websites, social media marketplaces, classified ad websites, price aggregator websites such as Amazon.com, Ebay.com unless the Dealer meets the criteria outlined in 'Appendix D' and is approved by a Napoleon Sales Director.
- Advertising 'used' products on 3rd party marketplace websites such as Amazon.com, Ebay.com.
- Online selling of the Luxuria Series (LVX) & Vector Series (LV) with Dynamic Heat Control (DHC).
- Discounting Napoleon products below MAP after being added to the online shopping cart.
- Re-selling any Napoleon product to another dealer or internet retailer such as Amazon.com.
- Advertising or inflating MSRP by more than 10%; includes the practice of inflating MSRP with a strike-through to discount to MAP.

Exclusions:
- This Policy only sets forth suggested advertised prices and does not apply to the price at which the products are sold.
- Offering 'free shipping' and 'free financing' by the Reseller is allowed at point of sale of Napoleon products.
- Website discounts applied at checkout to the entire order based on consumer loyalty/history with Reseller, such as discounts for 'frequent shoppers' is acceptable after pre-approval by the Napoleon MAP Policy Administrator.

ENFORCEMENT:

1ˢᵗ VIOLATION: A first violation will have occurred when the Dealer violates the Policy for the first time in a 12-month period. The Dealer will have 24 hours to comply with the MAP Policy from the date of the notification before the infraction is considered a second (2nd) violation.

2ⁿᵈ VIOLATION: A second violation will have occurred when the Dealer violates the Policy within a 12-month period from the date of the 1st violation. The Dealer will have 24 hours to comply with the MAP Policy from the date of the 2nd notification before the infraction is considered a third (3rd) violation.

A second violation will result in:
- Ineligibility to participate in Napoleon advertising and sales promotions for the period the violation remains uncorrected
- Loss of access to any discounts, coop or rebates offered by Napoleon for the period the violation remains uncorrected
- Removal from all Napoleon website dealer locators for the period the violation remains uncorrected
